

## **Into the Dark Preliminary Schedule**

Because of the need to conduct the majority of our colloquium time in the evenings, the daily schedule for this particular week will differ from other courses offered during the week. We will have a later start time, around 11am, and have speakers/discussions/reflections/image processing time until approximately 2pm, at which point, participants will be released until we meet again for our evening sessions starting around 8pm and concluding at some point between midnight and 1am.

### ***Monday***

8pm Walking photographic tour of Plaza and vicinity; Lunar viewing/photography at SFP  
(Monday night session is optional, but encouraged)

### ***Tuesday***

11am – 2pm Dark Sky readings/discussions; Guest speaker; Astrophotography basics (prepping for evening session)

8pm – 12am Galisteo Basin photoshoot (and intro to light painting)

### ***Wednesday***

11am – 2pm Geology/Geography/Wildlife of NM; Guest speaker; Image processing using astrophotography software

8pm – 12am Valles Caldera and Dome Wilderness photoshoot

### ***Thursday***

11am – 2pm Reflections; Time for processing images

8pm – 12am Sandia Mountains and Ojito Wilderness photoshoots

### ***Friday***

11am – 3pm Reflections; Time for processing images

3pm Closing Reception
